

TOWN OF WAKE FOREST CHECKLIST FOR MASTER PLAN SUBMITTAL SUBDIVISION REVIEW REGULAR PROCEDURE

Subdivision: _____

Date: _____

It is required that, prior to the filing of an application of a master plan, the subdivider shall schedule an appointment to meet with the Department of Planning and Department of Public Works and Utilities to discuss the proposed subdivision relative to appropriate zoning, conformance with comprehensive plans, availability of utilities, and municipal policies regarding subdivision development. The master plan shall include the proposed subdivision and physical development of the entire tract of land. The subdivider shall submit a master plan the appropriate number of days, as approved by the Board of Commissioners, prior to a regular meeting of the Planning Board. A minimum of five (5) copies of the master plan shall be submitted for review. The master plan shall be drawn to a scale of one (1) inch to one hundred (100) feet or larger; and, shall have a maximum sheet size of twenty-four (24) by thirty-six (36) inches; and, shall follow the layout shown in Detail 1. The master plan shall be prepared by a registered land surveyor or professional engineer duly authorized under the laws of this state to prepare such plats.

Applicant / Staff

1. ***Vicinity Map.*** A vicinity map drawn to a scale of 1" - 1000' and showing north arrow and showing the Location of the subdivision in relation to neighboring tracts, subdivisions, roads and waterways. _____/_____
2. ***Existing Conditions:***
 - a) Existing site conditions on and surrounding the tract, including topography (5' intervals), vegetation cover, soils, areas within the floodway or floodway fringe, and other environmental conditions. _____/_____
 - b) The accurate location, dimensions, name, and description of all existing or recorded streets, alleys, reservations, easements, or other public rights-of-way within the subdivision, intersecting, or contiguous with its boundaries or forming such boundaries. _____/_____
 - c) The accurate location, dimensions, description and flow line of existing water courses and drainage structures within the subdivision or on contiguous tracts. _____/_____
 - d) The accurate location, dimensions, description and name of all existing or recorded lots, parks, public areas, permanent structures and other sites within or contiguous with the subdivision. _____/_____
 - e) Existing vegetation and natural areas shall be indicated on the master plan and a written statement shall be required that these areas will be protected to the greatest extent possible and that minimum clearing of land shall be undertaken during development. _____/_____
3. ***Boundaries.*** Surveyed boundaries of the tract including bearings and distances and the portion of the tract to be subdivided. Subdivision boundary lines shall be indicated by heavy lines. _____/_____
4. ***Acreage.*** The total acreage to be subdivided. _____/_____
